

ARHAM SAYYED

MERN Stack Developer

+91 90[REDACTED]16 | arhamsayyed.dev@gmail.com | github.com/arham-sayyed | linkedin.com/in/arham-sayyed |
Mumbai, India

PROFESSIONAL SUMMARY

Results-driven MERN Stack Developer with hands-on experience building scalable web applications, RESTful APIs, and data-driven platforms. Proficient in MongoDB, Express.js, React.js, and Node.js with a strong command of TypeScript and modern frontend libraries. Proven ability to ship production-grade products. From AI-integrated SaaS tools to high-traffic event platforms. With a focus on clean architecture, performance, and user experience.

EXPERIENCE

Kaal Group · *MERN Stack Developer* Mar 2025 – Apr 2026

Mumbai, India · kaalgroup.in

- **Kaal Group** is a premium IT services and software development firm delivering high-performance applications and cloud-based solutions to clients across multiple domains.
- Developed and maintained full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js) with TypeScript, focusing on scalable architecture and clean code.
- Built and shipped [EzMenus.in](https://ezmenus.in) - QR code-based digital menu platform for restaurants, handling end-to-end development including the React frontend, Node/Express backend, and MongoDB data layer.
- Contributed to [Splitify.app](https://splitify.app) - An AI-powered bill splitting web application supporting 33+ currencies across 50+ countries. Implementing core frontend features with React.js and integrating AI-based OCR receipt parsing.
- Designed and consumed RESTful APIs, implemented MVC architecture patterns, and ensured responsive, accessible UI across devices.
- Collaborated closely with the product team through the complete development lifecycle, from feature scoping and architecture to deployment and post-launch iteration.

PROJECTS

Splitify (*React.js, Node.js, AI/OCR, REST API*) · splitify.app

- AI-powered bill splitting web application that scans restaurant receipts via OCR, extracts itemized data, and calculates a fair split across any number of people all under 30 seconds.
- Supports 33+ currencies across 50+ countries with a fully browser-based, zero-data-stored, no-signup architecture ensuring complete user privacy.
- Contributed to React.js frontend components, API integration, and currency handling logic as part of the core development team.

EzMenus (*React.js, Node.js, Express.js, MongoDB*) · ezmenus.in

- Full-stack digital menu platform enabling restaurants, cafes, and food businesses to create, customize, and publish beautiful QR code-linked menus.
- Built the React.js frontend with dynamic menu management UI, and developed the Express.js/MongoDB backend supporting CRUD operations for menu items, categories, and business profiles.
- Designed for ease of use by non-technical restaurant owners — live QR code generation, real-time menu updates, and mobile-optimized customer-facing views.

Emmorzeal (*Next.js, TypeScript, ShadCN, Tailwind, Google Auth*)

- Official event management and registration platform built for SM Shetty College's cultural fest — used by 500+ participants across 60+ colleges within its first month.
- Implemented category-wise PDF uploads, automated PR point calculation, online registrations, and Telegram-based notification alerts for organizers.
- Integrated PostHog for session analytics, whitelisted admin authentication, and login attempt monitoring for secure access control.

TECHNICAL SKILLS

Core Stack: MongoDB, Express.js, React.js, Node.js (MERN), TypeScript, JavaScript (ES6+)

Frontend: React.js, Next.js, Tailwind CSS, ShadCN UI, HTML5, CSS3, Responsive Design

Backend & APIs: Node.js, Express.js, RESTful APIs, MVC Architecture, JWT Auth, Postman

Database: MongoDB, Mongoose ODM

DevOps & Tools: Git, GitHub, Jest, Test Driven Development, Automation

AI & Automation: Prompt Engineering, AI Workflow Automation, Telegram Bots, Web Scraping, Puppeteer

Concepts: DSA, Algorithms, Dynamic Programming, Scalable Architecture, Performance Optimization, DRY

EDUCATION

University of Mumbai Jun 2023 – Mar 2026

Bachelor of Science in Information Technology · Mumbai, India

ACHIEVEMENTS

Head of Technicals, IT Association (2024–25, 2025–26);

Member of Technicals, IT Association (2023–24)

Volunteer at Haxnation Mumbai
